

Tuesday 12th November 2024

Dear Parents and Carers,

We are delighted to share some exciting news about Wittering Primary School. Following our recent Ofsted inspection on 24th and 25th September 2024, we received a glowing report that highlights the fantastic work happening in our school.

You may be aware that Ofsted has recently revised its inspection framework by eliminating single-word judgements; however, this change does not undermine the positive findings of this new report, particularly in the areas that have shown significant improvement since our previous inspection in 2022.

The inspectors praised us in several key areas, including quality of education, behaviour and attitudes, personal development, leadership and management, and early years provision. They described Wittering Primary as "a friendly school, where everyone receives a warm welcome," noting that "pupils enjoy coming to school every day."

This positive feedback reflects the nurturing environment we strive to create for your children.

Our curriculum was commended for being broad and balanced, tailored to meet the diverse needs of our pupils. The report also recognised the effective support provided for students with additional needs, ensuring that every child can thrive in their learning journey.

We want to express our gratitude for your continued support as we work together to provide the best possible experience for our pupils. We are excited about the future opportunities that await them here.

The report can be found here: <https://files.ofsted.gov.uk/v1/file/50261478>

Warm regards,

Charlotte Blake
