

Newsletter 05/01/22

Dear Parents & Carers,

Friends Competition

Thank you for all of your entries for this, the deadline for entries is the end of this week. We also would like to say a huge thank you to Friends for paying for the reindeer visit at the end of last term as well as the Panto visit at the end of this week. Thank you

Peterborough United Tickets

Unfortunately the game for which many people had tickets for on Boxing Day had to be postponed. The football club have set a new date of Tuesday 15th February (during half term) and tickets can just be used on the new date.

Jewellery & Watches

Please can I remind parents that children should only wear stud type earrings for school. We had an increasing number of children coming to school in hoop style earrings (especially within reception and Year 1). Children should also not be wearing necklaces or bracelets for school. Watches are fine and help with time telling but please avoid any with a camera as part of the watch.

Contact Details

If your contact details have changed recently including new phone numbers please let the school office know through email (office@wittering.peterborough.sch.uk).

Covid

As you will be aware that numbers locally and nationally are very high. However, at the time of writing there are no intended changes to how we are running school. Please remember that if your child shows symptoms then please isolate and book a PCR test. LFT tests can also be used with children but if they are showing symptoms then a PCR should still be booked. We are expecting some pressures over staffing and numbers as we progress through the next few weeks but I will update everyone as and when necessary.

Yours sincerely

Rhys Thrower
Headteacher
